NEW FDA RULE Results in Disposal Fee for Dead Cattle ≥ 30 Months of Age

FDA rule 21CFR 589.2001 effective as of April 2009 states that brain and spinal cord of cattle 30 months of age and older may not be rendered for use in any type of animal feed. Please be sure to indicate on the WVDL submission form the age of all bovine animals, even young animals. WVDL will remove the brain and spinal column with pelvis from the necropsied animal and then digest (Madison) or send out for industrial incineration (Barron) for a flat fee of \$105.00 per adult.

CNS disposal (in addition to necropsy fee)	\$ 105.00	\$ 105.00
