Cremation of pets		
<ul style="list-style-type: none"> • Private and group cremation options are available (please call or visit our test and fees page) 		

Research Requests

The fee structure above does not apply. Routine WVDL diagnostic pathology services do not include research studies. Research studies may be possible to arrange with individual WVDL pathologists on a case by case basis, as part of scholarly activity, with the expectation of co-authorship on peer reviewed scientific publications.
